1% Manual Tally – November 4, 2008 General Election

Pursuant to Elections Code 15360, Contra Costa Elections Division conducted a 1% manual tally of precinct results for the November 4, 2008 General Election. Notice of the drawing of precincts was given by press release and posted in the office lobby one week prior to the date of the random selection.

The random selection of precincts was conducted in the Elections Division lobby on Friday, November 7, 2008 at 9:00 am. Ten sided dice were used to select the precincts to be fully tallied (8). Disks containing precinct numbers were drawn from a container to select additional precincts for local contests not represented in the 1% selection (6).

Votes cast, which were reported in the semi-final official canvass on election night, were tallied for the precincts selected; this included both precinct ballots and vote by mail ballots. A preliminary canvass report (statement of vote) by precinct was available to the public the day after the election for review or purchase.

A small number of Mandatory Vote by Mail Voting Precincts in the November 4, 2008 General Election reported more than 100% turnout. This was caused by the following facts:

- (1) The official registration is the total as of close of business on October 20th, 15 days prior to the election. These totals were reported to the Secretary of State as required by Elections Code 2187 (d)(5). These official totals are used in the ballot tabulation reports. However, the Elections Office continues to enter valid eligible registrations which were either received by the Secretary of State, DMV or another County by October 20th or were postmarked by the deadline but received after the reporting date. While the reported registration total was 527,145, the actual registration total for Contra Costa was 540,235.
- (2) On Election Day, voters who have moved within the county from one precinct to another, can vote provisionally. When their information is verified, their vote is tallied in their correct residential precinct and their registration information is updated.

The following chart shows the actual turnout based on the total registration, including added registrations and provisional updates.

Voting Pct	SOV Turnout	Ballots Cast	Reported Reg 15-day Close	Added Reg (1)	Prov Voters (2)	Total Reg Voters	Actual Turnout
9067	120%	6	5	2	0	7	86%
9082	118%	60	51	5	5	61	98%
9158	102%	47	46	1	0	47	100%
9192	103%	32	31	1	0	32	100%
9194	150%	6	4	0	2	6	100%
9212	400%	4	1	2	1	4	100%

Reported Reg = Registration as reported to Secretary of State on mandatory reporting date of E-15.

Added Reg (1) = Registration Affidavits postmarked or received in time by a registration agency and received by Contra Costa after E-15.

Prov Voters (2) = Voters who voted a provisional ballot and who had moved within the county into this precinct.
